## BIRD'S EYE VIEW OF MALLORCA

**Ornithological tourism is an excellent alternative for families looking to complete their stay on the island with fun and enriching activities such as bird watching.**

*The Valentin Playa de Muro (Mallorca) is located about 5 minutes drive from the Natural Park of S'Albufera de Alcudia, which is a paradise for birds living or visiting the island.*

17 May 2024. Although many of the people who visit Mallorca in summer are attracted by its magnificent sun and beach offer, more and more are looking for additional alternatives to make their stay an unforgettable experience.

For those staying in the north of the island, in resorts such as Valentin Playa de Muro, a visit to the Albufera de Mallorca Natural Park is a must, especially for families with children or nature lovers.

It is a complex declared a Natural Park in 1988, which covers an area of 2,036 hectares, and receives more than 110,000 visitors a year. The Albufera, where sea water and fresh water converge, is located just 5 minutes by car from the hotel and admission is free.

It is possible to stroll around the circuits and observe numerous species of birds, some resident and others migratory; fish such as eels and mullets; amphibians such as frogs and reptiles such as water snakes and turtles; as well as mammals such as mice, among many other animals.

Not far from there, in Puerto de Pollensa, is another ideal place for birdwatching: the ornithological tourism centre of La Gola.

### **Valentin Playa de Muro, an excellent complex for families and sportsmen and women:**

Valentin Playa de Muro is a large hotel complex, which was built in 2004 respecting the horizontal models that have been so successful in the Caribbean. It has a garden area of more than 50,000 square metres, in which 130 bungalows of different categories are harmoniously distributed.

Most of them have elegant porches where guests can relax in full contact with nature, while those belonging to the Silver and Golden Superior categories have a small private garden with a whirlpool bath, in which a hedge guarantees greater privacy.

## HOTEL GROUP

Although in summer its visitors are quite heterogeneous, families and couples predominate, who highly value the wide programme of activities that its mini-club offers to the youngest members of the family; and in the case of adults, its nightly shows.

However, Valentin Playa de Muro was born with the vocation of attracting a sporty public. Individual professionals and teams have passed through its facilities to prepare for the season, or even to attend a top-level sporting event.

Its facilities include two spectacular outdoor swimming pools, one of which is semi-Olympic and heated in spring; a workshop that provides services to amateur and professional cyclists; a gymnasium; a multi-sports court for playing football, basketball and tennis; a wellness room where massages and specialised treatments are applied; and a gastronomic offer based on local and local products.

If you are thinking of a getaway to the beach, and you want to stay next to one of the most beautiful beaches in Mallorca, don't hesitate, Valentin Playa de Muro is your destination! We are waiting for you.

### FAMILY VACATIONS

At [Valentin Playa de Muro](#)
