PRISTINE BEACH

An aerial photograph of a tropical beach. The left side of the image shows clear, turquoise water with gentle waves washing onto a sandy shore. On the right, the beach is covered with numerous large, round, thatched umbrellas, likely made of palm fronds. Long, dark shadows are cast across the sand from the umbrellas and the water's edge, indicating a low sun position. The overall scene is peaceful and idyllic.

Eleven bars for everyone's taste!
